No One Knows How I Suffered "Everybody is Talking About My Improvement," Says Mrs. Cox

"Nobody will ever know how I suffered before I got relief by taking Tanlac, because I just can't describe it," said Mrs. Irma T. Cox, who lives at 316 1/2 Thurman St. Portland, Or. "I had suffered from indigestion and stomach trouble for about seven years," continued Mrs. Cox, "and my condition had finally gotten so bad that for five or six weeks before I commenced taking Tanlac, I was not able to do any part of my housework. I didn't have any appetite at all, and just had to force myself to eat enough of anything to eat would cause gas to form and give me shortness of breath. Often during the night I would have to sit up in bed and gasp for breath. There were times when my feet and ankles would swell so bad that I couldn't get my shoes on. I also suffered from raging sick headaches that would almost drive me wild. Finally my nerves got in terrible condition, and it was out of the question for me to get a good night's sleep. I took many different kinds of medicine, but my condition seemed to get worse all the time."

"I finally decided to give Tanlac a trial, and it certainly proved a godsend to me. I began to improve soon after I commenced taking this medicine, and I have been getting better ever since. I can eat anything I want and as much as I want, and I never suffer the least bit afterwards. I am never bothered with shortness of breath, and all that swelling in my feet and ankles is gone. I am completely rid of those terrible headaches, too, and that alone would make me say that Tanlac is the best medicine in the world. I am so well and strong now that I do all my housework without the least trouble. Everybody who knows me is talking about my wonderful improvement, and I always take pleasure in telling them that I owe it all to Tanlac."
