## IOWA COAL STRIKERS TO GET INSTRUCTIONS

Des Moines, Iowa, Oct. 17.—(United Press.)—Representatives of 14,000 Iowa coal miners meeting in Des Moines Saturday will receive instructions for a strike in connection with the national walkout ordered November 1, J. C. Lewis, president of the Iowa United Mine Workers announced today. Lewis declared central western miners were financially prepared for a long, hard struggle and said the strike was unavoidable.

Demoralization of industry and cities in darkness will result from a twenty day mine tieup in Iowa, mine officials declared. Railroads, they said, will be unable to stand the siege longer than nine or ten days, while most electric plants, factories and hotels in the state buy fuel from week to week, dealers said. Officials estimated most state institutions today had a 30 day supply on hand.

## GAME TODAY CARRIES MINOR LEAGUE TITLE

Los Angeles, Cal., Oct. 17.—The minor league championship will be settled on Los Angeles' ball yard today.

St. Paul made the junior world's series stand four games for all concerned by beating Vernon 3 to 1 yesterday.

Weiser Dell started for Vernon and lasted in the pitcher's box less than one inning.

Willie Mitchell was called in and he did fine until the eighth when a pinch hitter was needed. Joe Fineran went in and pitched half a dozen balls before he got into a fight with Umpire Murray and was chased after being fined \$25. Ross went in next and finished the game.

Griner was St. Paul's winning pitcher and by his performance yesterday established for himself a record of 27 innings against Vernon with just one earned run.

## COLLAPSE OF BOLSHEVIK RULE CERTAIN, REPORT

front along the Dvina river and astride the Pripiet valley, where the Poles are advancing slightly.

On the Poles' right is General Petura's Ukrainian army. The situation there is uncertain owing to Petura's clashes with the Poles and his disagreement with Deniken.

Continuing the battle lines across the great plains to the east is General Deniken's force, estimated at 200,000 to 300,000 men and supplied with allied munitions. Deniken's front stretches over 450 miles, covering the richest regions of southern Russia.

Since the opening of his campaign in May Deniken has advanced over 200 miles, capturing 220,000 prisoners and huge quantities of spoils. He now holds the most important towns of the south and is within 200 miles of Moscow.

Further eastward are the Cossacks in the Ural region and completing the circle are Admiral Kolchak's Siberian armies, stretched across Siberia.

As a result of the formidable alignment, the menace of bolshevism appears to be nearer a collapse than at any time since it reached its ascendancy. What will be the new Russian power? That is the question that allied diplomats are beginning to wrestle with now.

## Ordinance For National Guard Due In Portland

The ordinance for the Third Oregon regiment of National Guard is due to arrive in Portland from the arsenal at Benicia, Cal., today, according to advices received by the adjutant general's office Thursday. The shipment will include 2000 rifles with bayonets and scabbards, 20 machine guns, 50 automatic rifles and 300,000 rounds of ammunition. The uniforms for the regiments are also expected soon.

The Obaar hotel and The Dalles feed barn, two of the oldest landmarks at The Dalles, have been purchased by W. A. Gervais of Sherman county.

## Try Magnesia For Stomach Trouble

It Neutralizes Stomach Acidity Prevents Food Fermentation, Sour, Gassy Stomach And Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any drug-merchant in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

## Muscles Were Tied In Knots

That Is The Way McCooy Says His Rheumatism Made Him Feel.

"Tanlac put me back on the job again and I can't spend heavier than I was when I started taking it," said H. McCooy, a well known plasterer living at 506 Sixth avenue south, Seattle, Wash.

"Stomach trouble and rheumatism had kept after me for six years until I had to quit my work entirely," he continued. "From the back of my neck down into my arms and shoulders the pains would strike me and it seemed that all my muscles were tied in knots. I couldn't lift my hand to my head and instead of getting relief I got worse all the time. In my right hip the rheumatism settled and I got so I couldn't move without being in such pain that big beads of sweat would form on my forehead. I would take a catch in my back and for days I wouldn't be able to turn my head, and whenever I had to look to one side or the other, I would have to turn my whole body. My stomach was in a terrible shape. After every meal, my food would sour and form gas which crowded up into my throat and choked me until I couldn't get a deep breath and my heart would skip and flutter until I was afraid I had heart trouble. I was dizzy all the time and my head would swim until I couldn't walk along the street without holding on to something. I was half starved because I couldn't eat anything to build me up and was going down hill all the time."

"I actually believe Tanlac has saved my life, for I couldn't have kept up much longer like I was. I saw Tanlac advertised in the papers and started taking it and commenced to improve before I had finished the first bottle. I have taken eight bottles so far and am back on the job feeling fine. I can do more work in a day now than I have been to for years and am just like a new man. My meals are a pleasure to me for I can eat anything I want—and I sure want for my appetite has come back in full force. The fluttering spells with my heart have disappeared, gas does not form in my stomach and I haven't a pain left. I can almost run up a ladder when I am at work, for my arms and legs are as good as new since the rheumatism has

gone. I can swing my arms in a circle like a school boy at play and never feel a catch or a tinge of pain, and am just simply a well man, so it's no wonder I praise Tanlac, for it's the only medicine that ever helped me."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman M. Canover, in Silverton by Geo. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Clatsop by C. A. Beausamp, in Aurora by Aurora Drug Store, in Donald by M. W. Johnson, in Jefferson by Foshay & Mason and in Mill City by Marketaria Gr. Co. (Adv.)
