The literary, art appreciation, and interior decorating sections of the Salem Art League met in the Public Library Friday evening to begin their study for the year.

The art appreciation and interior decorating departments which have hitherto held classes on the second and fourth Mondays in each month are planning a most ambitious program.

Roderick Miles, formerly of Salem, now with Courtlotte & Hummel, architects of Portland, has been secured for a discussion of interior decorating at an early date, and others will follow him in frequent succession.

Hummel, Miss Ethel B. Roberts, Miss Emily C. Branson, Mrs. Chester Cox, Miss Hazel Williams, Miss Anna Fischer, Mrs. E. E. Fisher, Miss Chapler, Mrs. Carrie Chapel, Mrs. C. ...

The second sketching class will assemble at the B. Monroe Gilbert studio over the Commercial Book Store at 1:30 o'clock Sunday afternoon. Weather permitting outdoor work will be pursued, otherwise the time will be filled with indoor sketching.

All next week in Portland, at the Museum of Art, Fifth and Taylor streets an exhibition of Modern Art will be hung, including canvasses by George Luks, John Sloan, Jerome Myers, S. A. Gump, etc.

Highway To Be Macadamized For Heavy Winter Traffic

Herbert Nunn, J. C. McLeod, C. B. McCullough and N. J. Drew, engineers for the state highway commission, arrived here last evening from the north. They had been inspecting the highway conditions at Pass creek and the Oakland-Yoncalla sector. They stated that these sections of the Pacific highway will be in a usable condition during the rainy season. The engineers return north from here and will not at this time visit the Roseburg-Myrtle Point section for which the contract was recently awarded. Neither will they now visit the Tiller-Trail cutoff, which is to be 5500-footed under direction of the authorities of the federal government. It was reported here yesterday that his piece of road was to be inspected by the engineers during their present visit.—Roseburg Review.

U.S. FLYERS TO ATTACK REDS IN RUSSIAN SOON

London, Oct. 18.—A dispatch from Warsaw today reported that the "Kosciuszko squadron," composed of American aviators serving in the Polish army would see its first service against the Russian bolsheviks within a few days. Major Fauntleroy, formerly of the Lafayette flying corps and American air service, has received orders to take the squadron to the northeastern frontier at once, the dispatch said.

According to members of the American flying club, Fauntleroy organized the Kosciuszko squadron a few months after being honorably discharged from the American army. Serving under Fauntleroy now, it was said, are Walter Avery of Columbus, Ohio, and "Madame" Sherry of San Diego, Cal., both of whom served in the Lafayette flying corps.

Shipping Apples In Bulk Suggested By Commission

Producers, associations and others interested in the marketing of Oregon apples are being requested by the public service commission to express an opinion relative to the establishment of a freight rate on bulk shipment of apples with a view to encouraging the shipment of cull apples into the eastern states.

"Would the shipment of bulk apples to eastern territory be injurious to Oregon's reputation as an apple producing state?" asks Chairman Busch of the commission in a letter asking for information relative to market conditions for the apple crop in this state.
