

PUPILS OF MARION SCHOOLS EARN BIG SUMS IN VACATION

(Capital Journal Special Service.) Marion, Or., Oct. 21.—Last Friday the teachers in the intermediate and advanced grades in the school at Marion, asked their pupils to hand them an itemized list of all they had earned since the close of school last June up to the beginning of school, September 22. The purpose of this was that each might have the satisfaction of knowing the result of their united efforts as wage earners.

The upper six grades, beginning with the fourth and ending with the sixth made \$2259.30. The fourth grade averaged \$11.58 per pupil; fifth grade \$13.32 sixth grade \$41.79; seventh grade \$24.85; eighth grade \$101.31; and the ninth grade averaged \$64.57 each.

The largest sum made by one pupil was \$130.50 and the least was \$1.14. Following is a list of the things done to earn this money: picking loganberries, doing errands, picking blackberries, picking prunes, peeling piling, driving horse, watering skids, horse work, blocking wagon on hill, driving sheep, taking cows to pasture, moving houses, hoeing, peeling peaches, carrying milk, herding cows, helping hay, work in harvest, raising and selling pigs, calves and sheep, for gopher and grey-digger scalps, for mole skins, cutting corn, selling wool and washing dishes—this last by a boy.

This is not all they have earned for these same pupils have on hand the following: three calves, seven pigs, two hens, a cow, fifteen chickens, two ducks, twelve geese, six bushels of potatoes and one and a quarter acres of first class apud, four sacks of corn in the ear, and four large hogs that will be put on the market next week. One pupil earns \$16 per month while in school doing dairy work. In addition to the work enumerated all did much work at home which they considered their duty.

been visiting their daughter, Mrs. L. J. Reibeck, for two weeks. A. J. Rich our butcher, brought in 27 salmon from the coast Saturday night. The two largest ones weighed 48 and 49 pounds. A deal is on for the Stickey place near Broadacres. Bunkles have sold their place and given possession. Mrs. M. W. Johnson attended the Presbytery at Salem on Tuesday afternoon. The afternoon was devoted to the Sunday school question and some very fine talks given by several, especially would we mention Walter Moore general secretary of the Sunday School Association of Western Washington, who is a "live wire" on the Sunday School question. W. A. Yergen of Portland spent the week end with his brother, E. A. Yergen at Yergenville. The Parent Association held an interesting meeting on Friday afternoon. One important business matter transacted was arrangements made to serve something warm for lunch for the pupils coming from a distance. The cooking class will have charge of the cooking and serving. Mr. and Mrs. Mack Brown of Portland spent the week end with their daughter, Mrs. Dayton Walker. H. A. Hunkle and Hugh Nelson of Portland were guests at the Bungalow hotel on Wednesday. The Ladies Aid Society of the Presbyterian church met in the basement of the church Wednesday afternoon. The following officers were elected to serve during the coming year: Mrs. L. Eppers president; Mrs. A. Aufrance, vice president; Mrs. Frank Perlette, secretary; Mrs. A. D. Owens, treasurer. The ladies decided to give a chicken pie supper near Halloween, the date to be determined later. It is hoped now that the busy time has passed and the church work may receive more attention than it has been getting, and new life and inspiration be given to it. Mr. Hejedor who has been assisting in the Donald bank during the summer went to Portland on Wednesday afternoon.

Saskatchewan was represented in the hotel lobbies of the city Monday when Mr. and Mrs. G. Trott of that place inscribed their names on the register of the Bligh hotel. Choosing to spend the Sunday in Salem, Miss Rose Bodayla, who is an instructor in the Dallas public school, visited with friends in the city and in West Salem, where her home is located. Miss Bodayla was a teacher in a West Salem school both last year and the year before and has a large number of friends here. Mr. and Mrs. C. W. Beckett, for many years residents of the Wallace road district of West Salem, have sold their old home and moved to Salem where they have taken up their residence on South High street. Miss Gaynelle Beckett is attending one of the local high schools. Miss Gussie Niles, 425 N. Winter street, returned to her desk at the office of the Salem Water company Tuesday morning after a 10 days outing at Newport. Miss Niles was accompanied to the beach by her mother, Mrs. Ida Niles, and grandfather, H. N. Doty of Frederickburg, Iowa. Men of Company M were busy at the armory Tuesday preparing the old equipment for shipment to Portland. This old equipment will be replaced shortly by an entirely new outfit, which has already been authorized by the war department. The new equipment is expected to arrive in Salem any day. The old supplies of Company M will be stored away in the arsenal at Portland and used for emergencies only. When J. W. Jones, of the Salem Velle company, left Grande Ronde yesterday after a motor trip into that section, there was beside him on the seat a brown paper bag to which, if he noticed it at all, he paid no attention whatever. A few miles out on the highway the bag began to show unmistakable signs of life and Mr. Jones, with vivid mental pictures of a "Gimble Brothers" bomb or some such grotesque article, opened the sack gingerly only to discover a tiny black kitten serenely making itself at home in its recesses. Being utterly indifferent to the old superstition concerning felines of midnight hue, the Velle distributor has adopted the little orphan and, with a total disregard of its somewhat doubtful lineage, has given it the unrestricted freedom of his home and fireside.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents. With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it drops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

C. as their home city, Mr. and Mrs. M. C. Wilcox stopped at the Bligh Monday. D. Hutchinson of Chehalis, Wash., was among the out of town visitors who claimed the hospitality of Bligh hotel yesterday. No doubt it was modesty that prompted Henry Hall to place a humble "Nowhere" after his name when he inscribed his cognomen upon the register of a local hostelry last evening. Miss Laverne Gibson, of the Gibson millinery shop on Court street, spent Sunday in Rickreall as the guest of friends. Miss Una Darby of Silverton, was among the out of town visitors in Salem yesterday. She registered at the Argo hotel while in the city. Registering at the Argo hotel, Mrs. L. B. If Constipated, Bilious or Headachy, take "Cascarets". Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach; remove the sour, undigested food and four gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep. (Adv)

Salem To Advertise in Big Issue Of Legion Magazine

G. H. Lewis, business manager for the Pacific Legion, organ of the American Legion; W. W. Fee, R. E. Bartlett and W. C. Golden, representatives of the publication, were visitors in Salem Monday. Mr. Lewis called at the Commercial club where he announced the intentions of the Legion to issue a "convention number" of the magazine for circulation at the convention of the American Legion in the east soon. The magazine will have pictures and articles on the business enterprises of every town in Oregon, pointing out what opportunities await the ex-soldier in this state. Several plants here subscribed to large advertisements in the magazine, and the Commercial club probably will give a two-page display for the city. Messrs. Fee, Golden and Bartlett canvassed the city for subscriptions to the Pacific Legion. Harrisburg, Pa.—Thomas T. Oliver is organizing a new colored church. Advertisement for Lydia E. Pinkham's Vegetable Compound. Title: Making a Purely vegetable Medicine. Subtitle: 1875—1919. Text: In 1875, Lydia E. Pinkham of Lynn, Mass., gathered and dried the roots and herbs which she used in the now famous Lydia E. Pinkham's Vegetable Compound, from the fields and forests.—then steeped them on her kitchen stove and filled a few bottles at a time, to alleviate the suffering of her women friends, neighbors and acquaintances, and the success of this medicine was unparalleled. After 44 Years These illustrations show the present method by which vast quantities of this well-known remedy are produced and from exactly the same kind of roots and herbs used by Mrs. Pinkham in the beginning. First—The various herbs used are of the finest quality, and gathered at the time their medicinal strength is the highest. Second—After the herbs are properly ground and mixed, the medicinal properties are extracted by soaking in large stone jars, covered. Third—Then the extract is drained through percolators, acting somewhat like a coffee percolator. Fourth—To insure a thoroughly pure medicine, it is carefully pasteurized by heat in special apparatus, and bottled hot. Throughout the entire process, from the crude herb to the finished medicine in bottle, cleanliness and exactness are the watch-words. The Reliability of Testimonials Guaranteed The testimonials published by the Lydia E. Pinkham Medicine Company come to them unsolicited. Never knowingly have they published an untruthful letter, never is a letter published without the written consent of the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E.
