

Turner Pioneer Fosters Bill In Coggress to Secure Relief For Sufferers In Indian War

Due to the efforts of S. T. Northcutt, Turner, a mass meeting of all the old pioneers, who saw frontier action during the Indian outbreak in southern Oregon many years ago, may be called soon. Mr. Northcutt has sent letters to all known participants in these engagements with the redskins, inviting them to attend such a meeting, and asking to concentrate their efforts in furthering a bill now before congress providing relief for certain settlers in Oregon for losses sustained during the Rogue River Indian outbreak in southern Oregon in 1855.

The bill, which was introduced in the senate by Senator McNary, is now in the hands of the committee on Indian affairs. Mr. Northcutt is father of the bill.

The bill follows:

A bill for the relief of certain settlers in Oregon for losses sustained during the Rogue River outbreak in southern Oregon in 1855.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the secretary of the treasury be, and he is hereby authorized and directed to pay, out of any money in the treasury of the United States

not otherwise appropriated, to the persons hereinafter named the following sums found due them by the secretary of the interior.

The beneficiaries under the proposed act, and the amount they will receive, follow:

H. B. Gatman, \$300; William N. Moore, administrator S. C. Moore, \$500; John T. and Sarah E. Bailey and Harriet L. Ware, heirs of Holland Bailey, \$5443.75; Joseph Knott, \$1744.40; Edward B. Myer, administrator Thomas Frizzell, \$470; Edward B. Myer, administrator Samuel Grubb, \$300; Edward B. Myer, administrator Asa G. Fordice, \$200; George M. Love, administrator George W. and May A. Marris, \$1888.50; Henry Quine, administrator Henry W. Quine, \$1273.50; John W. Redfield, \$3149.91; E. J. Northcutt, S. P. Northcutt, and brother, \$5450; Granville Naylor, \$398.62; Charles Brown, \$720.87; Caroline Sexton, administratrix Hiram Nidy, \$5100; Amos Hodgens, heir of Mary Ann Hodgens, \$80.

If Thin And Nervous, Try Phosphate

A French scientist has discovered an organic phosphate which should be a very effective remedy for weak nerves, sleeplessness, thinness and lack of strength, energy and vigor.

Its substance is described by specialists as identical in composition with certain vital elements naturally found in brain and nerve cells and one which when taken into the human system is quickly converted into healthy living tissue.

This phosphate is already widely known among druggists in this country as Bipro-Phosphate and some physicians claim that through its use strength, energy, vigor and nerve force are frequently increased in two weeks time.

Dr. Frederick Kelle, editor of New York Physicians' "Who's Who," says it should be prescribed by every doctor and used in every hospital in the United States. As there are a great variety of so called phosphates, those who wish to test this substance should be sure to get the genuine Bipro-Phosphate. (Adv)

Doctor Tells How to Detect Harmful Effects of Tobacco Try These SIMPLE TESTS

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco.

The best known habit forming principle of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which, when absorbed by the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, other catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking your usual smoke, walk

up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit; and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturer to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including D. J. Fry and other good druggists.
